

A CHINAMAN'S WILL.

This Curious Document a Model of Clear Statement.

The following is the translation of a Chinese will, made in Australia:
At this present moment I am grievously sick. Therefore I have requested and obtained both Chinese and English doctors. They have examined me, and state that I am in great danger. I fear I cannot live long.

Therefore I at once all my business and all my accounts, goods, clothing, and the whole of my estate I trust and deliver over to Kwan Eng Siou to receive and hold for him to entirely manage, instead of me. I do this so that neither relatives nor any others can dispute.

Kwan Eng Siou is one whom I deeply, fully know, his heart is true and upright, and unlimited faith may be placed in him. I sincerely believe that his heart is careful to grasp the right, and am happy.

After my death I desire that he receive all my money and close the business; also that, though the proceeds be much or little, he call all my Melbourne creditors together and consult with them; also to request them to be liberal-hearted and kind, and ask them to return some money so that it may be sent to buy the necessities of life for my wife and children. In such case my family will receive their grace and favor, and the act of my creditors will be counted a work of virtue done by my creditors.

I institute and make this will as a substitutional proof of my wishes. Eye witnesses to it—Liu Slay, Wong Che, Hien Slay.

The writer of the will is Kwan Eng Siou. Will made in the thirteenth year of the reign of Quong Siu, eleventh month, twentieth day.

A Dog and Hen Story.

Your dog-loving readers may be interested in the following instance of animal sagacity.

"Bob" is a fine two-year-old mastiff, with head and face of massive strength, heightened by great mildness of expression.

One day he was seen carrying a hen, very gently, in his mouth to the kennel. Picking her in one corner, he stood sentry while she laid an egg which he at once devoured. From that day the two have been fast friends, the hen refusing to lay anywhere but in "Bob's" kennel, and getting her reward in the dainty morsels from his platter.

There must have been a bit of canine reasoning here. "Bob" must have found "yes" to his liking, that they were laid by him, and that he could best secure a supply by having a hen to himself.—Spec.

THE TURKISH LAMPLIGHTER.

His Primitive Way of Performing a Useful Function.

This functionary is a tall and gaunt old Mussulman, with a fierce mustache, an embroidered scarlet jacket, and a huge "fustanelle."

He carries a ladder, a box of lucifer matches, and a huge green cotton umbrella. He plants his ladder against the wooden post, on the top of which a common tin lamp is insecurely fastened, and taking off the glass chimney opens his umbrella to keep off the wind.

The handle of the umbrella is tucked under his arm, and then balancing himself on the rickety ladder he proceeds to strike a light with his lucifers, carefully protecting the sputtering flame with both hands.

Naturally this is a slow process, and by the time the dozen lamps are lighted everybody is fast asleep, for the citizens do not go out at night, but retire to rest at a very early hour.

Rough on Boston.
A distinguished looking man was arrested in Philadelphia the other day for scandalously crooked walking.

On examination it was found that he was not drunk, but had lived in Boston for sixty-five years and had become so used to crooked streets that he couldn't walk straight.—Burlington Free Press.

Its Existence No Fable, but a Sometimes Disagreeable Fact.

While voyaging from Australia to New Zealand, one of the passengers, a lady, complained that the dust of the sea caused her eyes to smart, and had also soiled her clothing. She was laughed at by the other passengers, who insisted that there could be no dust at sea.

"They were mistaken," says Mr. M. M. Ballou, who tells the incident in a book of travel. "There is a salt dust which rises from the spray and impregnates everything, even filling one's mouth with a saline taste."

"While the sun shines this deposit, like the dew on land, is less active and perceptible; but to walk the deck at night is to become covered with a thin coating of salt dust so fine as to be hardly noticeable, but which in time becomes sufficiently crystallized to be obvious to the eyes."

"The dust of the sea is no fable. The officer who stands his night-watch on the bridge will testify to this fact, and the cabin steward will tell you that he has often to resort to something more potent than a whisk-broom to cleanse clothing which has been exposed to sea dust."

Keeping the Demons in Order.
A Michigan man has reported the following inscription found on a polyp:

"This is to certify that to minister belonging to any secret society, or has his life insured, or reads his sermons, or does not kneel in prayer, shall be allowed to preach in this house of God. The Lord of Hosts is Judge."

These people did not manifest the utmost confidence in their "judge" who framed these narrow (and ungrammatical) laws for the preaching of his Gospel.—Syracuse Christian Advocate.

The Fate of Chicago.
"Bill" Mason, of Chicago, tells of a drunken fellow who dropped asleep in a graveyard into which he had wandered over night.

He was suddenly roused from sleep by the sound of an early fish-bell, which he mistook for the archangel's trumpet on the resurrection morn. Rubbing his eyes, he exclaimed:

"What's no'er a one thing here but me! It speaks hard for Chicago."

PLATFORM AND RESOLUTIONS

The following platform and resolutions were adopted by the Republican State Convention, which convened at Winnemucca on the 15th instant:

The Republicans of the State of Nevada, in Convention assembled, again express their loyalty to the principles of the Republican party, which have made this country so great and prosperous during the last quarter of a century.

Resolved, That the question of a sufficient supply of circulating medium to maintain a permanent range of the price of labor and property is the most important political question awaiting solution by the American people.

That a diminishing quantity of money reduces the price of labor and property, enriches the creditor, impoverishes the debtor, and paralyzes industry and enterprise.

That the present financial system of the United States, which increases or diminishes the circulating medium up or down at the will of the manipulators of the national bank, without regard to the increase of population or the wants of the people, and which recognizes gold alone as the standard of value, and places in the hands of the Treasury Department all the expert facilities of the Government to speculate in bonds and loans to the national banks without interest, is subversive of the rights of the people, oppressive, unjust and should be repudiated.

That a financial policy whereby both gold and silver shall form the basis of circulation, whether the money used by the people be coin, or certificates redeemable in coin, or both, as convenient means of exchange, is imperatively demanded.

That the silver standard is a national bank note, costing the Government millions of dollars annually, for free silver, costing nothing to the people, which has usurped the sovereign power of the Government to issue the money which has fraudulently demonstrated silver and the revenues of the Government for private speculation, and has destroyed the respect for law and order.

We demand that there be a ring or trust be broken, and that the rights be restored to all the people.

We charge that President Cleveland is the willing tool or agent of a powerful money trust, which fattens on the embezzles of the Government, makes war on silver, and has fraudulently demonstrated silver and the revenues of the Government for private speculation, and has destroyed the respect for law and order.

That the trick of the President and his advisers by which they prevented a vote in the House of Representatives on the Beck silver amendment to the Bland-Allison bill, equals the villainy of the secret and fraudulent demonstration of silver in 1873.

Resolved, That we are in favor of the protection of home industry, and that the laborers of this country shall not be made the work required to supply the people of the United States, and that we are in favor of high wages, and that we are in favor of the wage-workers from competition with the cheap labor of foreign lands.

Resolved, That the policy of the Government should be inaugurated and established by the people to rough their representatives in both the House of Congress, and not by the President or money trust, of which he either an agent or head, is most active in defending.

We are in favor of the absolute extension of Chinese, and of the restriction of immigration by which the overcharged condition of labor market with the State is relieved, and by which the wages of our naturalization and land laws may be accomplished.

We demand in behalf of our various industries the retention of the duties on lead, borax, soda, kieselguhr, and to restore the tariff of 1867 on wool.

Resolved, That we recognize the right of labor to organize for its lawful protection.

We favor the appropriations by Congress for hydrographical and topographical surveys in this State, to be used in the construction of canals and waterways, and that waters may be preserved for the purpose of irrigation.

We endorse the wise and conservative administration of Governor Stevenson, and we heartily commend the action of Senators Jones and Stewart and Representatives O'Connell in behalf of the interests of this State.

We favor the granting to Nevada of all Government land with the State for the purpose of providing means for irrigation and other improvements.

We favor the reduction of the Treasury surplus by the payment of pensions to Union soldiers, their heirs and widows, the improvement of rivers and harbors, the erection of defenses for the sea coast, the creation of public buildings, the creation of a navy, the purchase of bonds and the repeal of the internal revenue laws taxing tobacco.

It is the duty of this State to maintain free, non-sectarian schools in the rural and sparsely settled districts, as well as in towns and thickly populated sections, and that such division of the school money shall be made as will furnish the means of education to all children of the State.

We are in favor of repealing the Carson Mine for coal and raising the wages of the employees to the standard paid by the last administration.

We demand the restoration of the mail service in this State to the ordinary maintenance by the Republican administration, and favor the repeal of the law which has been made for the purpose of all postal employees.

A Spirited (?) Foreign Policy.

Secretary Bayard's "spirited foreign policy" in regard to the Alaskan seal fisheries, seems to be suffering from the same noxious desuetude which is dry rotting the President's similar Canadian policy. In each case the spirit begins and ends with as vigorous exercise of the jaw. Last year revenue cruisers were sent to the North Pacific with instructions to prevent British ships from poaching upon our seal fisheries. This year, according to Dr. McIntyre, the agent of the Alaska Commercial Company, no effort is being made to prevent the piracy. Two English ships loaded with seal skins were visited by the cruisers and allowed to proceed. Next year McIntyre prophesies that there will be a fleet of swift sailing seal catchers plundering these American preserves. Meanwhile, will some good Democrat please state how many thousand American fishing vessels have been seized and how many hundred confiscated and sold during Mr. Cleveland's administration for alleged breaches of international fisheries rights on the Canadian banks?

Why It Is Solid.

The Solid South is Democratic through hatred—hatred of the negro and hatred of the name, though not of the principles, of the Republican party. In their newly awakened industries and mercantile interests the South is as strongly for protection as is the rest of the nation, but it votes with the Democracy and against its convictions, because by so doing it is voting against Republicanism and is keeping the negro in subjugation. The Atlanta Constitution, for example, has been an open advocate of high protection, and recently the case of the South has been frankly and bluntly expressed by the Democratic Enquirer-Sun of Columbus, Georgia, in a few sentences. It says: "The people who brought McKinley to Georgia believed in his doctrine and sought the opportunity to make converts. They are protectionists from the beginning, and would be Republicans all over if they expressed openly their own convictions."

A CUBAN CYCLONE.

Several Hundred Lives Reported to be Destroyed.

New York, September 18.—A letter to the Tribune from Havana, dated September 8th, gives the particulars of the recent cyclone. It raged for fifteen hours and did fearful havoc to life and property throughout the island. It demolished the principal buildings of the large cities and wiped out whole towns near the seaboard.

The water flooded the large districts of fertile land richly planted with sugar, tobacco, fruit and vegetables, destroying valuable machinery of the plantations and ruining the crops.

On the seaboard the heavy seas broke down the wharves and occasioned great losses to shipping and commerce, and a loss of life to the crews on board the vessels in the harbor. In some instances the vessels were carried half a mile.

In the cities whole blocks of houses and trees were battered down as the vessels cut a passage through the streets.

Havana presents a novel sight. Its streets and public squares are piled high with the ruins of demolished buildings, and debris of every kind gives it the appearance of a bombarded city. Many streets in the northern part of Havana are submerged. A number of lives were lost throughout the city and country, variously estimated at from five to twelve hundred. The loss to crops, buildings and shipping amounts to many millions.

There is a marvelous awakening in Monroe and Orleans counties, New York, on the Republican tariff issue. Men who have never cast a Republican vote in their lives are coming up boldly and eagerly to the support of McKinley and protection.

THE REPUBLICAN LEADER.

General Harrison Makes a Strong Speech to Irish-Americans.

INDIANAPOLIS, September 17.—About 300 members of the Irish-American Republican Club of Chicago called upon General Harrison last evening. Among other things, the General said to them in his address of welcome: "We, native or Irish born, join with the Republican Convention in the hope that the cause of Irish home rule, progressing under the leadership of Gladstone and Parnell, may yet secure for Ireland that which as Americans we so much value—home rule."

In discussing the tariff question, he said: "There are nations across the sea who are hungry for an American market. They are waiting with eager expectation for the adoption of a free trade policy by the United States. The English manufacturer is persuaded that an increased market for English goods in America is good for him; but I think it will be impossible to persuade the American producer or the American workman that it is good for them. I believe that social order, national prosperity, are bound up in the preservation of our existing policy. I do not believe that a republic can live and prosper whose wage-earners do not receive enough to make life comfortable; who do not have some upward avenues of hope open before them. When the wage-earners of the land lose hope, when the star goes out, social order is impossible, and after that anarchy or the Czar."

PARNELL.

Opening of the Proceedings to Investigate the "Times" Charges.

LONDON, September 17.—The Special Judicial Commission for the investigation of the Times charges against Parnell and other leaders of the Irish party met this morning. Judge Harman presided. The small and gloomy courtroom was crowded to suffocation. Harman announced that the inquiry would be confined to the persons accused and the charges and allegations made in the O'Donnell trial. It was decided the Times should be in the action. Sir Charles Russell's application for photographs of the letters alleged to have been written by Parnell was granted.

Russell further asked the Commissioners to send a Commission to America to take evidence. He next requested Dillon's release that he might be enabled to prepare his evidence. Referring to the documents said to be in the hands of the Times, he said he particularly wished to see the Egan-Harris letter, which he pronounced a forgery. The Times' attorney said they were willing to produce all the letters in their possession, but objected to an order for the discovery of documents.

Stanley.

LONDON, September 17.—Sir Samuel Baker, the well-known author and African explorer, in common with other authorities, does not believe that Stanley has been slain. He believes when Stanley will next be heard from it will be found that he has joined Emin Bey. SEOUL, Korea, Sept. 18.—The Khedive of Egypt requested Colonel Charles Chaille Long of the United States Legation here to take charge of the expedition to rescue Stanley. The post of Official Correspondent has been tendered William Hoses Ballou of New York. It is proposed to raise by subscription \$200,000.

A Shooting Scrape.

FRENO, Sept. 17.—There was an altercation this morning between H. E. Bedford, the publisher of the Chaff, and J. D. Fiske, manager of the Opera House, growing out of strictures in the Chaff upon Fiske. Bedford was attacked by Fiske in his office and struck him several times with a cane. Meeting the latter upon the street Fiske again attacked Bedford, when the latter turned and shot at him. Nobody was hurt and both parties were arrested.

Odd Fellows Reception.

Los Angeles, Sept. 17.—A grand reception was tendered the Odd Fellows at the Academy of Music to-night. It was a brilliant affair. The hall was tastefully draped in bunting and flags. Delegations from San Francisco and Oakland came shortly after 7:30 o'clock, followed by others, until the immense floor of the pavilion was closely covered by Uniform Rank Militants.

A Hint to Fussy People.

From their arrival on this planet to their usually early departure from it, people of weak constitutions and angular physiques pass a sort of half-existence. Like dormice they burrow in their home retreats, afraid of heat, afraid of cold, constantly afraid that the shadow of the dread reaper will materialize and exact the forfeit which he demands from all, sooner or later. No finer medicinal assurance of comparative vigor for the feeble exists than that afforded by Hostetter's Stomach Bitters. Used with persistence—not with spurts and spasms—this genial and professionally commended tonic will do much toward infusing strength into a puny system, and rounding off scrawny angles in the human figure. Appetite, nerve tranquility and nightly repose are encouraged by it, and a malarial, rheumatic, bilious tendency overcome. It re-establishes digestion and prevents kidney troubles.

Why suffer with Bleeding Blind, Itching and Ulcered Eye, Catarrh, Old Sores, Chapped Hands, when a few applications of Fyfe's Astringent Ointment is guaranteed to effect a cure. Price, 25 cents. Sold by Wm. Pinniger. All genuine Astringent preparations bear the fac-simile signature of D. F. Fyfe.

AMUSEMENTS.

AT THE NEVADA THEATRE.

"East Lynne" was presented last evening at the Nevada Theatre by the Ward Company to a fair-sized audience, the presentation being in all respects a very creditable one. In the exacting part of Lady Isabel, Miss Lottie Wade was a complete success, and at once established herself as a favorite. The acting of Carrie Clarke Ward as Miss Corney was a revelation to many of our people who have always seen her in light-comedy parts. Her acting was all that could be desired, and she made an admirable foil for the emotional Lady Isabel. James M. Ward, as the cool, calculating and designing villain, Sir Francis Levison, never before appeared in Reno to better advantage, and his masterly portrayal of the most atrocious character was a surprise and a pleasure to those present. The company is a good one, and a most pleasant evening is assured all who attend any of the performances this week. To-night "Lady Audley's Secret" will be presented.

AT M'KINICK'S OPERA HOUSE.

A large audience assembled at the McKinick Opera House last evening to witness the rendition of "Ingomar," with Neil Warner in the title role. To say that it was the finest performance seen in Reno for many a day is to say but the truth. Neil Warner as the untamed barbarian gradually metamorphosed into the most tractable being by the power of love, was a most finished piece of acting, and Miss Chippendale impersonating the character of Parthenia in a manner which betokened that she was no stranger to the stage. From the beginning to the end of the performance the audience listened with wrapt attention, and were not slow to recognize by liberal applause every good point made. The supporting cast had but little to do, but what they did do was done well. The company by last night's performance proved that it was worthy of the praise heretofore bestowed, and that the season will be a profitable one there can be no doubt. It deserves and will receive liberal patronage. To-night "The Hunchback," with Neil Warner as Master Walter, will be presented. Reserved seats at Nasby's Bazaar.

A Train Scene.

This morning as the Virginia train rolled into the depot, a prominent young Renoite whose saccharine sweetness has been expended on a Comstock maiden was in anxious attendance and dutifully prepared the tea for his dear one's alighting. Anxious to pass a compliment, he exclaimed, as a dainty-clad foot peeped forth from beneath a balmy, "Why, Ella, what fairy boots you have on dear!" His compliment was answered by a box on the ear and an indignant reply, "Ferry boots, indeed; I'll teach you properly in your doubtful compliments, sir." Tableau.

Shipping Cattle East.

A dispatch from Ogden says that two special trains of cattle belonging to Messrs. Crocker & Taylor arrived by the Central Pacific Sunday night destined for Chicago over the Union Pacific and C. A. & N. W. railroads, and will be run through with a special silk train on passenger time. One train of cattle in palace stock cars are to be fed and watered while in transit, and if the shipment proves successful a large amount of stock from Nevada and Oregon will go East for market.

The Nevada Cash Store.

The Nevada Cash Store has an advertisement in to-day's issue calling the attention of the people of Reno and strangers from abroad to the large stock of dress goods, table linen, blankets, fancy goods, carpets, etc., carried in stock; also directing attention to the complete stock of ladies' and children's cloaks, wraps and jackets just received. The Nevada Cash Store is a thorough Reno institution, and a visit of inspection will prove to be worth the time spent.

For Escort Duty.

ARMORY HALL, Sept. 18, 1888.—Co. C., N. M., Reno Guard, will report for parade this (Tuesday) evening at the Armory at 7 o'clock promptly to escort the "Wabash" to their headquarters. R. H. LINDSAY,

Captain Commanding.

Mitchell, He's All Right.

The San Francisco Republican says: Hon. Henry K. Mitchell is a Democrat, and up to the present time he has been a Democrat since he attained his majority. He was at one time one of the leading Democrats of Nevada and candidate for United States Senator and received the complimentary vote. He is now for Harrison, Morton and Protection. He made a speech before a Republican club last night and made a profession of the new faith that is in him. The cry is: "Still they come!"

Our Candidate for President.

He will be nominated by the convention and will be elected by the people, because he will come the nearest to filling their ideal of a Chief Magistrate. Electric Bitters has been given the highest place, because no other medicine has so well filled the ideal of a perfect alternative. The people have indured Electric Bitters and rely upon the great remedy in all troubles of liver, stomach and kidneys. For all malarial fevers and diseases caused by malarial poisons, Electric Bitters cannot be too highly recommended. Also cures headache and constipation. Satisfaction guaranteed, or money refunded. Price 50 cents and 1¢ at Hodgkinson's drug store.

Why cough and suffer with a cold when Fyfe's Astringent Cough Balm will give immediate relief. (It contains no opium.) Price, 75 cents. Sold by Wm. Pinniger. All genuine Astringent preparations bear the fac-simile signature of D. F. Fyfe.

Take Ayer's Pills and be cured. Mucous is a solid word to describe the sufferings of body and mind caused by habitual constipation. A moderate use of Ayer's Pills will invariably regulate the bowels.

The campaign in Illinois is gradually winding up and Illinois to be red hot.

Now He Advertised.

A gentleman, living in a small city in the West, had inherited consumption from his father, and the doctor told him he must die. He stopped taking their weakening physic and tried Dr. Pierce's Golden Medical Discovery. In three months he was strong and well. The gentleman's neighbor knew how sickly he formerly was, and asked him to state to the public how he had been cured. He advertised to lecture on a certain evening in the public hall, and there was a large audience present. This was his lecture: A picture of himself before and after he tried the remedy, and five empty bottles of Pierce's Golden Medical Discovery. He said nothing, but convinced his audience just the same. It outlived all—Dr. Sage's Catarrh Remedy.

Thousands of Dollars.

Are spent every year by the people of this State for worthless medicines for the cure of throat and lung diseases, when we know that if they would only invest \$1 in Santa Abie, the new California discovery for consumption and kindred complaints, they would in this pleasant remedy find relief. It is recommended by ministers, physicians and public speakers of the Golden State. Sold and guaranteed by Osburn & Shoemaker at \$1 a bottle. Three for \$2.50.

The most stubborn case of catarrh will speedily succumb to California Cat-R-Cure. Six months' treatment for \$1. By mail \$1.10.

Irritation of the Throat and all Lung troubles are quickly relieved and permanently cured by Fyfe's Astringent Cough Balm. (It contains no opium.) Price, 75 cents. Sold by Wm. Pinniger. All genuine Astringent preparations bear the fac-simile signature of D. F. Fyfe.

NEW TO-DAY.

Company C, Attention!

THERE WILL BE A MEETING TO-night at Armory Hall at 8 o'clock sharp. No excuse, except for sickness, will be accepted for non-attendance. Matters connected with the Military Tournament Wednesday must be attended to. se 11

A Virginia Photographer. James H. Crockett, the well-known Comstock photographer, is playing his art in Reno this week, and judging from samples of his work left at this office, he is a master of his profession. His views of Virginia and various points of interest in its vicinity stamp him as an artist of unexceptionable ability. He is deserving of liberal patronage.

The Virginia Enterprise says Reno has a dramatic prodigy in the person of Mabel Booton.

In order to give the children an opportunity to enjoy Fair week the public schools are closed.

An order has been sent out by C. & C. railroad officials prohibiting Indians from riding on trains.

The three-year-old daughter of Hugh McNamara of Eureka was burned to death on the 9th inst.

Eureka Sentinel: Politics and business are about on a par in this town—very little of either.

Bill Ball, the well-known sawmill man of Long valley, is in town taking in all the beauties of the Fair.

John McGlynn, a young Comstocker, is a member of the Ward company, now playing at the Nevada Theater.

John W. Mackay arrived on the Comstock yesterday. Mining stocks went up as soon as he struck the lode.

C. H. E. Hardin and family of Mason valley are at the Riverside hotel and will probably make Reno their future home.

N. H. A. Mason, Miss Maude Mason and Miss Mason arrived from San Francisco last evening and are stopping at the Depot hotel.

Last week W. C. Dorey, State Superintendent of Schools, taught the Silver City school during the temporary absence of the regular teacher.

A Stockton baseball club wiped the ground with the Piute Indians who crossed the Sierra from this State full of barbaric pomp and circumstance.

J. W. Marsh, an old resident of Alturas, Cal., fell from the bridge at that place on the 10th inst., breaking his neck and causing instant death. He was intoxicated at the time.

Yesterday morning at Austin S. F. Johnson, a miner, was killed on and killed at the Magnolia mine. Two tons of earth fell upon him and it required thirty minutes to dig him out.

Among the arrivals at the Depot hotel were N. H. A. Mason and wife, Miss Mason and Miss Maude Mason, W. C. Corbett, W. Garrah, C. H. Gusha, James Orr and Miss Dolly McCone.

Eureka Sentinel: Assessor Wallace expects to have the taxes in this county all collected by December 1, when he says that the entire indebtedness of the county will probably be wiped out.

W. M. Christian, a miner of Last Chance, Sierra county, Cal., attempted suicide at Forest Hill on the 12th inst. while insane through sickness, by stabbing himself eleven times in the chest with a pocket knife.

There is a general complaint that young lads under 21 years of age are regular habitués of the gambling games here in town, and the local constabulary threaten to make an example of some of the young bloods.

Among the arrests last night was that of an Indian from Beckwith who appears to be consumptive. Promptly at 6 o'clock this morning his mahala was on hand at Constable Upson's office with money and demanding her man's release.

The District Court of Storey county has granted a change of venue to Ormsby county, in the case of John L. Black charged with the murder of his brother. The third trial of this case will therefore take place in Carson, October 8th being the time set for it.

While last year scarcely an arrest was made during the period of the State Fair, in town, this year looms up well, quite a holocaust having been laid on the altar of town propriety and justice last night. This is to be expected as the vigilant town and county officers have a little army of under officials.

The members of Co. C are requested to meet at Army hall this evening at 8 o'clock for the purpose of arranging for the military tournament which takes place at the Fair grounds to-morrow. The request is a peremptory one, and should be heeded by every member. No excuse, except for sickness, will be accepted for non-attendance by the commanding officer.

The police are on the lookout for a couple of youngsters, five and seven years of age, one named Meyers and the other supposed to be Rosenbaum, who have footed it down here from Virginia, bound to take in the Fair. When discovered and returned to the constable, the youngsters will be promptly spanked by Mr. Upson and sent home.

Those whose nature inclines them to woo Dame Fortune can find ample opportunity in Reno at the present time to do so. At almost every resort in town from two to four games of chance are running, and in many places music keeps time to the dull sound of the ivory and the musical clink of the dollars of our daddies as they are placed on the green cloth. At every place order is strictly observed, the least infraction of the rules being promptly checked by the ubiquitous and muscular bouncers in attendance.

Our Fugitive Postmaster. Last night about midnight as General Hagerman was proceeding from the postoffice to his residence, after closing the office, he was met by a drunken man on the sidewalk who caught hold of the portly General and attempted suspicious familiarity in the neighborhood of his trouser pockets. The General's biceps and triceps instantly prepared for action, and as the would-be marauder lay on his back on the street in the midst of a mud-puddle, all that remained of the postmaster was a hollow mocking laugh as his avowed victim vanished backwards.

SENSATION!

VICTOR, THE "PHENOM," VANQUISHED

In Three Straight Heats—The State

Fair a Great Success—At the Pavilion—Notes of Interest.

At the Track.

"Running races for the aristocracy; trotting races for the plebes," is an aphorism which has been exemplified in the first two days of racing at the Fair grounds. The running races of yesterday, although the horses entered for the various events are known as flyers in every sense which the word implies, attracted but about 500 people, the comparatively small attendance being attributed to the fact that it was the first day. To-day it was estimated that fully 1,200 people were present to witness to-day's races.

When the pat of the bell in the judges' stand admonished the owners of the horses entered for the three-quarters of a mile dash to prepare their flyers for action, the track presented an enviable scene. There was crowd enough and money enough to make the betting lively, and to give that snap to the meeting which is the delight of the gambler, the horse fancier, and the tyro in sporting matters.

The life of the race-course is pre-eminently a life of action. There is a hurry and bustle, a blending of cries, the eager voices of the pool-sellers, the anxious movements of the pool-buyers, the impatience of the start, the strain of the struggle, and then the wild hurrah as field horses are prominently a leading nose under the wire.

The democracy of the track is its greatest charm. On the smooth parabola all men are equal. For the time being money and horseflesh talk. The tin-horn gambler and millionaire cat-man compare notes, the staid man of business and the rascally fellow who their glad hurrahs in unison, and the jockey and professional man cordially shake hands when their favorite is in the lead. The scene is a most exhilarating one, and it is that which attracts those who do not care for racing or gambling to the race-track—this dry champagne life—this high pressure existence.

Fair Notes.

The tax-roll of Elko county for the year 1888 foots up \$4,497,300. P. F. Nagle, the shoemaker, is down with an attack of lung fever.

Sensation has created a —, and Tommy Keating is the hero of the day. George Teasdale from Ligan, the end town on the N. & C. railroad, is in town.

The students of Bishop Whitaker's School for Girls will visit the State Fair in a body on Friday.

In the grand stand to-day standing room was at a premium. Fully 1,000 people viewed the races from it.

John Breuer, the furniture man of Sacramento, has his usual fine display of furniture, etc., at the pavilion.

A special excursion train of two coaches, carrying sixty passengers, arrived from the City of San yesterday.

The grand military parade and target shoot, and ladies' riding tournament will take place at the track to-morrow.

Senator Kaiser and family, of Churchill county, are attending the State Fair.

An outcome of the Fair will be the establishment of a cigar factory in Reno by Fred Hrasburg, formerly of San Francisco.

The authorities of the pavilion are fixing up the building in the office in good shape, and are repairing the roadway in a substantial manner.

Between \$3,000 and \$4,000 changed hands on the trotting race to-day, and the Reno contingent now carry the most of it in their inside pockets.

Race-horse stalls at the Fair grounds have given out, and late arrivals are compelled to keep their horses in town. The Society, however, foots the bill.

Mr. and Mrs. Joseph Munckton from Silver City, owners and proprietors of the Chrysopeia, the oldest saloon almost in the State, are taking in the State Fair.

J. Lenderman, the Reno expressman, is a licensed hackman, and charges but twenty-five cents to and from the Fair grounds, or fifteen cents for one way.

Colonel Mulcahy of the pavilion grenadier guard has a vicious gaffling gun shot and pointed in readiness for traps attempting to capture the pavilion edifice.

Pete Marker of Lovelocks is auctioning 150 head of horses at Benson's corral every morning between the hours of 9 and 11 o'clock. C. W. Jones is the auctioneer.

Among the pavilion exhibits none were more interesting and useful than Washoe grown sugar cane about ten feet high, and Johnson grass between five and six feet high, all exhibited by Mrs. Theodore Winters.

Fair time makes early risers of all the boys. This morning as early as half-past four, rooftops were busy throughout town waking visitors and rattling up teamsters, so that every thing in sight could be corralled.

The pavilion will be in readiness to receive visitors to-night. The exhibitors have been diligent in placing their displays in position, but when their work is accomplished a good exhibition will reward the sight-seer.

Wagon tickets, entitling the purchaser to passage to and from the Fair grounds are for sale at the following places: Pimmiger's, Chase & Church, D. M. Fassett's, Depot Hotel, Nasby's and C. A. Thurston's. Fare for the round trip twenty-five cents.

T. H. Goodman, Department Commander of California, and staff and the Veteran Guard, G. A. R., will pass through Reno homeward bound on the 23d inst., and an informal reception reception will be tendered them by the G. A. R. of Reno.

The faculty and the students of the University visited the Fair grounds this afternoon and were much pleased with the stock exhibit. The University will continue in session on Wednesday and Thursday and thus will afford a good opportunity for those visiting Reno this week to visit the institution.

strength of his recently acquired California reputation.

MISCELLANEOUS.

The Pavilion. Preparations are going ahead at the pavilion as rapidly as circumstances and the time table of the C. P. R. R. Co. will permit. On the lower floor the exhibits are, so far, those of the Cyclone Windmill of the Pacific Manufacturing Co., Nos. 934 & 936 Pacific street, San Francisco; double carryall, by Jesse T. Longbaugh; exhibition of fruits, preserves and cheese by Mrs. Theodore Winters and of pickles by Miss Nettie Winters.

William Riley, Elm Grove—40 varieties of apples, 9 of pears, 7 of plums. Mr. Joseph Frey—30 varieties of apples, 1 of choice catwabs grapes, 1 assortment crabapples.

Mrs. Gault—Varieties of apples, peaches and pears. The W. C. T. U. will occupy their old fountain stand in the center of the floor, and the energetic ladies of the organization are working like Trojans sewing and tacking down material for their stand, and when their little Temple of Temperance is completed it will be one of the features of the Fair and a worthy tribute to woman's most noble exertions in the cause of humanity.

The main center up stairs is occupied by elegant samples of furniture displayed by E. C. Sessions, J. A. Ziegler and John Brunner of Sacramento, while a beautiful display is being prepared by the Palace Dry Goods and Carpet House and the clothing firm of Abraham Bros. The Florida Bazaar has an exquisite display of shell goods on exhibition in all styles and shapes, and constitutes one of the most unique features of the Fair. The remainder of the upper floor is devoted to embroidery, lace and knit work and femininity in general. Without doubt the samples of work of the ladies of Washoe and Carson will challenge the world.

Fair Notes. The tax-roll of Elko county for the year 1888 foots up \$4,497,300. P. F. Nagle, the shoemaker, is down with an attack of lung fever.

Colonel Mulcahy of the pavilion grenadier guard has a vicious gaffling gun shot and pointed in readiness for traps attempting to capture the pavilion edifice.

Pete Marker of Lovelocks is auctioning 150 head of horses at Benson's corral every morning between the hours of 9 and 11 o'clock. C. W. Jones is the auctioneer.

Among the pavilion exhibits none were more interesting and useful than Washoe grown sugar cane about ten feet high, and Johnson grass between five and six feet high, all exhibited by Mrs. Theodore Winters.

Fair time makes early risers of all the boys. This morning as early as half-past four, rooftops were busy throughout town waking visitors and rattling up teamsters, so that every thing in sight could be corralled.

The pavilion will be in readiness to receive visitors to-night. The exhibitors have been diligent in placing their displays in position, but when their work is accomplished a good exhibition will reward the sight-seer.

Wagon tickets, entitling the purchaser to passage to and from the Fair grounds are for sale at the following places: Pimmiger's, Chase & Church, D. M. Fassett's, Depot Hotel, Nasby's and C. A. Thurston's. Fare for the round trip twenty-five cents.

T. H. Goodman, Department Commander of California, and staff and the Veteran Guard, G. A. R., will pass through Reno homeward bound on the 23d inst., and an informal reception reception will be tendered them by the G. A. R. of Reno.

The faculty and the students of the University visited the Fair grounds this afternoon and were much pleased with the stock exhibit. The University will continue in session on Wednesday and Thursday and thus will afford a good opportunity for those visiting Reno this week to visit the institution.

The Democratic mail carriers of Devenport, Iowa, have all been assessed \$15 apiece for the national campaign.

AYER'S PILLS

CURE HEADACHE.

Headaches are usually induced by costiveness, indigestion, foul stomach, or other derangements of the digestive system, and may be easily cured by the use of Ayer's Pills. Mrs. Mary A. Scott, Portland, Me., writes: "I had suffered dreadfully from Sick Headache, and thought myself incurable. Disorder of the stomach caused it. Ayer's Pills cured me entirely."

CURE BILIOUSNESS.

John C. Pattison, Lowell, Me., writes: "I was attacked with Bilious Fever, which was followed by Jaundice. I was so dangerously ill, that my friends despaired of my recovery. I commenced taking Ayer's Cathartic Pills, and soon regained my customary strength and vigor. I feel certain that I owe my recovery to your valuable Pills."

CURE INDIGESTION.

Ayer's Pills act directly on the digestive and assimilative organs, influencing healthful action, imparting strength, and eradicating disease. G. W. Mooney, Walla Walla, W. T., writes: "I have suffered from Dyspepsia and Liver troubles for years past. I found no permanent relief, until I commenced taking Ayer's Pills, which have effected a complete cure."

CURE RHEUMATISM.

Rheumatism is among the most painful of the disorders arising from vitiated blood and derangement of the digestive and biliary organs. Ayer's Pills relieve and cure Rheumatism when other remedies fail. S. M. Spencer, Syracuse, N. Y., writes: "I was confined to my bed, with Rheumatism, three months, but, after using a few boxes of Ayer's Pills, became a well man."

CURE GOUT.

S. Lansing, Yonkers, N. Y., writes: "Recommended to me as a cure for chronic Costiveness, Ayer's Pills have relieved me not only from that trouble, but also from Gout. If every victim of the disease would heed only three words of mine, I could banish Gout from the land. Those words would be, 'Ayer's Pills.'"

CURE PILES.

Piles are induced by habitual constipation, debility, indigestion, or a morbid condition of the liver. A cure is best effected by the use of Ayer's Pills. John Lazarus, St. John, N. B., writes: "I was cured of the Piles by the use of Ayer's Pills. They not only cured me of that disagreeable disorder, but gave me new life and health."

Sold by all Druggists.
